## Autumn / Winter Collection 2025

We know that our founder, Mr. A.T. Hogg, would proudly put his seal of approval on the profile and structure of the Hoggs of Fife collection as we mark our 137th year. Carrying the weight of a heritage brand can come with its pressures — but it's also what drives us forward.

At Hoggs of Fife we are fortunate in that we still have direct descendants of AT Hogg involved in the business these days and the levels of expectation have been passed down through the generations, ensuring that we are all committed to the 'right' cause. If we look beyond that, as the current custodians we can also take great comfort in the fact that we are achieving record levels of business in recent years and also spreading the word of the Hoggs of Fife brand much wider as each year passes. Our products are widely seen across the broad spectrum of dog walkers and ramblers in the current day, as well as its enhanced presence across both farming and fieldsports as we indeed strive to be true to our roots!

**Thanks for supporting a British Brand.**

**FIELDPRO**

Hoggs of Fife 'Field Pro' represents products that are engineered to withstand anything the British weather can throw at you once you have committed to an event, which can often mean up to 12 hours out walking/stalking or standing on the peg in driving rain, snow and wind. You'll need garments that can protect you from the elements, but also facilitate the free movement required and have the technical windproof/breathable qualities that are such a vital contributor to your day's enjoyment. Of course, each of our Field Pro garments will also have a rugged style which can look just as good as it takes you into the late afternoon social gathering!

## Green King II Stormproof Bonded Hoodie

"The Green King Bonded Fleece Hoodie is a smart, reliable layer for year-round graft.

Part of our trusted Green King range, this technical workwear hoodie is designed for long days outdoors. It's made from a heavyweight grid fleece with a waterproof membrane bonded through the middle and a water-repellent finish on the outside, so, although not fully waterproof, it easily stands up to the cold, damp, and drizzle.

There's a generous hood to keep the chill off, a dipped hem at the back for better coverage, and two handwarmer pockets for comfort. You'll also find a waterproof chest pocket for stashing keys or a phone when you're on the move.

Hoggs Professional branding gives a subtle nod to its working roots, but this is a hoodie that's just as happy off-duty!"
