Spring & Summer 2025

Spring & Summer 2025

Hoggs of Fife has been synonymous with Young Farmers throughout our 137 years, but never with such a splash of colour that we saw through 2024 and this is extended even further in our exciting SS2025 Collection! Building on great success particularly at the Country Shows last year, 2025 sees us expand further into T-shirts, rugby shirts and sweats ... with even more colour!

Up in the Highlands for this photoshoot, we engaged with some local farmers and keepers to help us out. Whether it's as extras, or for such as the working dogs and vehicles or the odd bit of advice on an activity, our 'friends of the brand' are always a great addition. It was a pleasure on this shoot to work with Young Farmers Millie and Dervla and their respective dogs and also Ben the Highland Fencer. All three were a great help and brilliant to have around.

Local involvement, a splash of colour and a collection that will help us to keep growing our Spring and Summer business – what a combination!

Thanks for supporting a British Brand.
