TRADE WORKBOOK

Spring & Summer
2026

Diversification has proved in some cases to be a strong commercial option for British farmers. As such it was a delight to visit the Best family at their hugely impressive Dalscone Farm on the edge of Dumfries, as part of our Spring & Summer 2026 photoshoot.

Recent recipients of the 'Visit Scotland 5 Star Attraction Award', the Farm is going from strength to strength, featuring rare breeds across cattle and sheep as well as their characterful plethora of goats, donkeys and of course, a fold of the iconic Highland Coo!

A wet, spring day on the Dumfries & Galloway coastline was the location for our second day and 'typical' weather helped us show off the different layers of clothing

from our new Spring & Summer Collection! As usual, we have included several of our 'core' lines in this Workbook to help showcase the range, but the main focus is to present our new Spring & Summer 2026 lines.

Excellent sales last year for such as our *T-Shirts*, *Short Sleeve Shirts* and the *Ladies Skye Leggings* have helped us expand on these areas as well as adding two exciting new colour options for our best-selling *Dumfries Sweatshirt*.

Thanks for supporting a British Heritage Brand!
